

A photograph of a modern living room. The walls are covered in vertical wooden slats, which serve as acoustic panels. In the center, there is a yellow leather Eames-style lounge chair with a matching ottoman. To the left, a low, square coffee table is visible. In the background, there is a large wooden bookshelf with various books and decorative items. The room is brightly lit, with light streaming in from a window on the left.

## TAKE HOME THE BENEFITS

### Certified Acoustic Performance

Ultra-dense PET polyester fibre layer provides certified acoustic performance

### Natural Wood Veneer

Crafted with genuine wood veneer slats for an authentic, architectural finish of the highest calibre

### Modern Aesthetic Design

Elegant design lines & refined wood textures enhance modern interiors & encourage design creativity

### Easy Installation

Precision-engineered for straightforward DIY installation using standard tools, ensuring a flawless result

### Lightweight

Lightweight construction makes for easy transporting, handling, & adhesive bonding during installation

# PROFILE

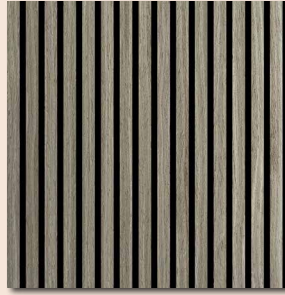

Revive acoustic panels combine exceptional sound insulation with understated natural elegance. Crafted from 12 mm carbon high-density fibreboard slats with an ultra-dense 9 mm polyester fibre layer finished with genuine wood veneer, Revive acoustic panels deliver superior sound control and enhanced privacy. Engineered for effortless installation, they ensure a flawless finish while delivering an upscale design aesthetic for any modern interior.

## Acoustic Panel

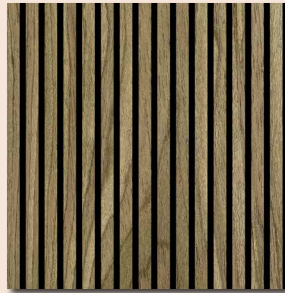

# COLOUR RANGE

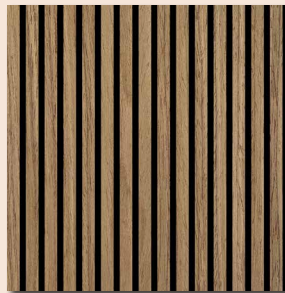

### Forest Grey

Forest Grey is a delicate, understated grey, providing a subtle, versatile backdrop which enhances light and complements any interior style.

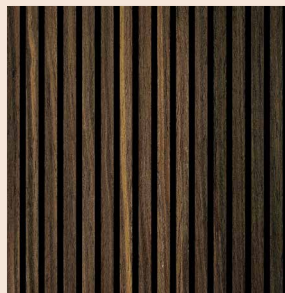

### Black Walnut

Black Walnut is a deep, earthy hue which anchors a space with natural warmth and quiet strength, creating a sense of balance and comfort.

### Indonesian Teak

Indonesian Teak is a warm, luminous hue which evokes calm sophistication, filling spaces with gentle wood textures & a sense of elegance.

### Smoked Walnut

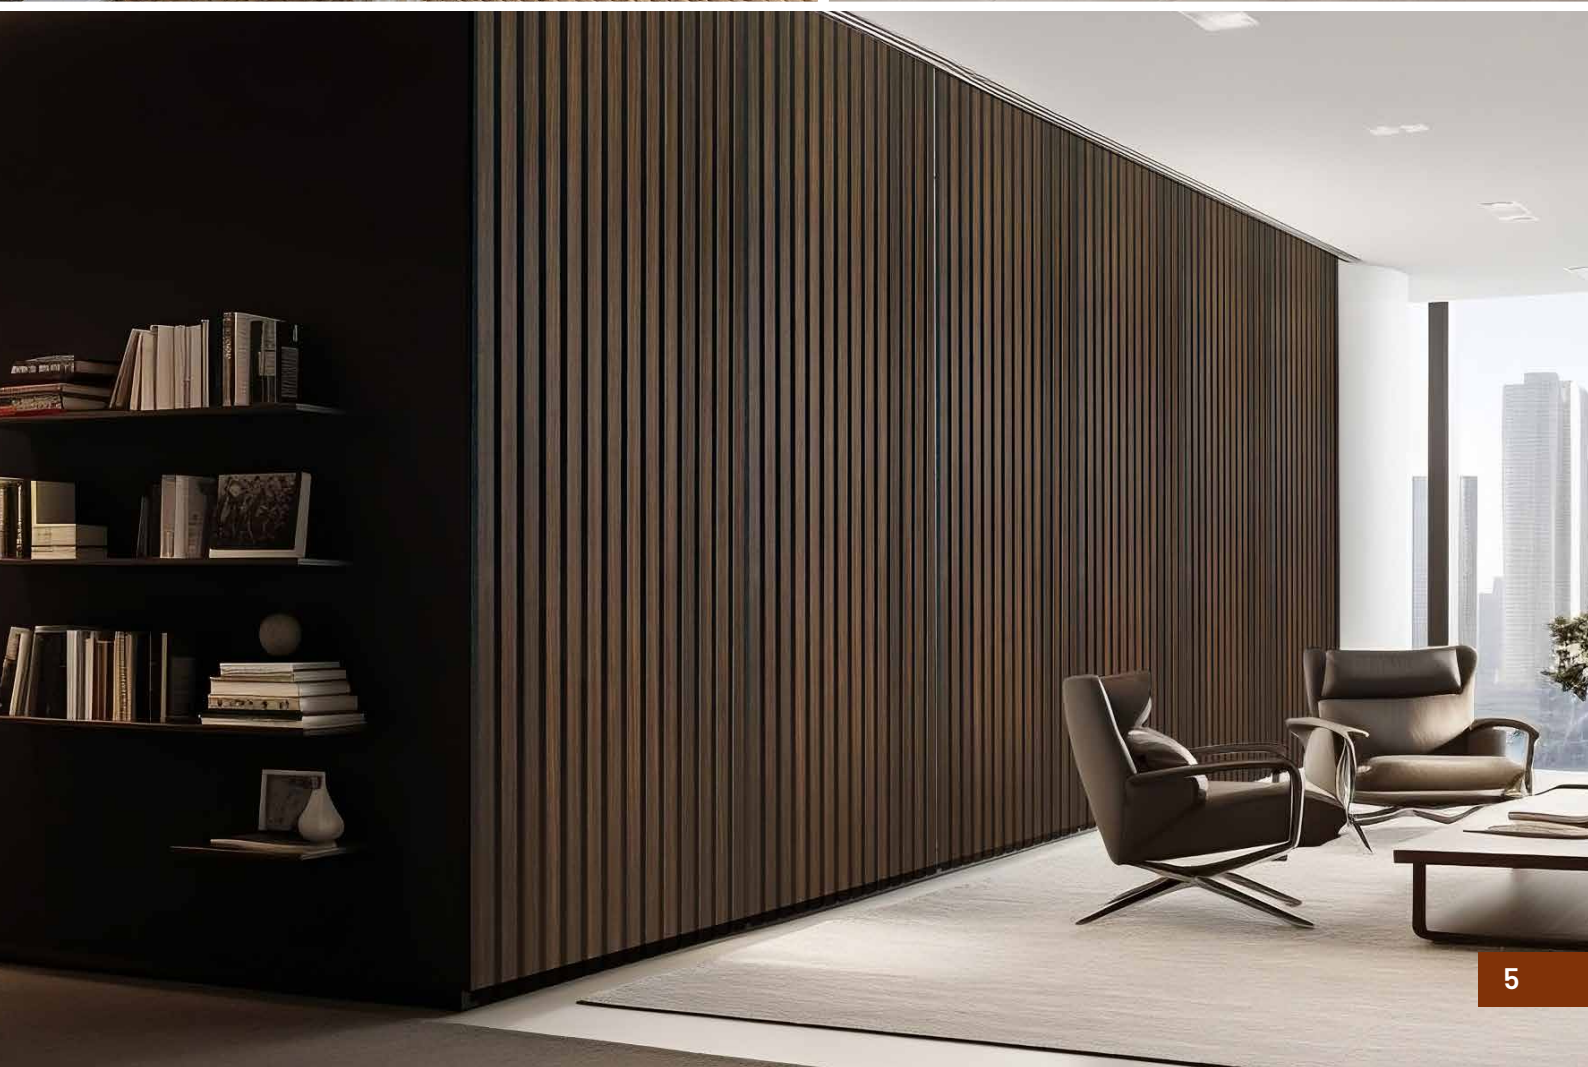

Smoked Walnut is a dark, velvety brown which echoes hidden woodland paths and ancient timber, wrapping a space in hushed depth, organic warmth, and an air of quiet intrigue.

### Black Noir

Black Noir is a midnight black which envelopes interiors in poetic calm, intimate depth, and quietly magnetic elegance.

**Note:** Due to printing and/or screen variations, colours in this brochure may differ from the actual products. Physical samples will be sent for colour finalisation.
